Shave and Bath Bans Hit New York Friday

NEW YORK, Dec. 14.—(AP)—Don't shave. And don't take a bath. Not in New York City next Friday, anyway.

City officials today called for a shaveland, unless Dec. 18 and issued a flock of other requests to make the biggest city in the United States the driest city as well as the first "water holiday" in its history.

The city's water supply remains at the critical level despite a day of rain that is expected to add 2,000,000 gallons—about five days' supply—to the two-bidirectional reservoirs.

Gilbert Convicted Of Killing Chinese

Joseph Gilbert, 23-year-old Edmonton laborer, was sentenced last night to be hanged Feb. 22 for the Oct. 8 strangulation slaying of Chinese market gardener Sam Kee in his North Edmonton room cellar.

The murder trial of Hong Sney Chin, 25-year-old Chinese jointly charged with Gilbert in Kee's death, will be started Thursday morning.

Strong recommendation for mercy for Gilbert was added to the verdict of guilty of murder as brought in at 10:19 o'clock last night by a supreme court jury after 55 minutes' deliberation.

"COULD I APPEAL?" The young man, showing the effects of suspense, was asked by Mr. Justice C. C. McArthur if he had anything to say before sentence of the court was passed on him.

"You are required under the Criminal Code of Canada to be taken to the place of execution and hanged by the neck until dead, and may the Lord have mercy on him."

His defence counsel, W. G. E. Blair, amplified the prisoner's question for his Lordship and then told Gilbert that an appeal was possible.

The justice then intoned the sentence. "You are required under the Criminal Code of Canada to be taken to the place of execution and hanged by the neck until dead, and may the Lord have mercy on him."

Two other men are under sentence to be hanged on the same day as Gilbert. Michael Joseph Hayes, 43, Edmonton laborer, was sentenced Oct. 25 to be hanged Feb. 22 for the June 30 slaying of William W. Macdonald, 39, of the same city.

W. G. E. Blair, counsel for Hayes, was sentenced Oct. 25 to be hanged Feb. 22 for the June 30 slaying of William W. Macdonald, 39, of the same city.

Scheduled to be hanged Jan. 12 is Michael Zacharuk for the slaying of William Pecholik, 26, of the same city, who was sentenced Oct. 19, 1948, but has had a reprieve.

Power cuts in the London area resulted in only about two per cent early today. But the power load crisis was due at dusk during the transportation rush hours.

Press Reports London Power Strike Settled

From BUP and CP Despatches LONDON, Dec. 14.—The Press Association said tonight it understood London's crippling power strike has been settled.

The wildcat strike in four of London's biggest nationalized power houses had threatened earlier today to spread to every plant in the city.

Recommendations will be made at a mass meeting of the strikers tomorrow for an immediate return to work," the report said.

General agreement was reported reached between strikers and the British Electricity Authority which operates the government-owned power stations.

Many Londoners carried candles to work with them today; third day of the strike, in fear of the walk-out reaching "blackout" proportions.

CRISIS AT DUSK The government called out servicemen to work at the stations, but experts doubted they would be able to produce enough current to meet the peak load. Reports circulated that some troops might be ordered out.

This Funny Old World Of Ours

It's a poor horse that doesn't know its own fodder. At least that's the opinion of Hubert Haupt of Manitowish, Wisconsin, who is faced with a \$50 repair bill after a hungry doberman that took a bite out of Haupt's 1940 auto. It will cost that much to refinish the hood, scratched from end to end with teeth marks.

When eatery-owner Ralph Stringer reported his little girl's dog lost in Atlanta, Georgia, doo-dooed Bob Corley with a whistling air, then added a whistle to add color to the plea. An hour later, as Corley left the studio, he found the cocker spaniel scratching at the door to get in.

And then there's the plight of farmer Clarence Wardell of Portree, Sask., who is trying to figure out a way to keep his string pigs at home. The farmer lives in town during the winter and travels daily to his nearby farm to feed the porkers. Yesterday, after driving back into town he looked out a store window and saw the hams-on-the-bone waiting outside for him.

The Root Of All Evil . . .

A 16-year-old Newark, N.J., youth today faces life imprisonment for the robbery-slaying of his 15-year-old best friend, Raymond Welch, one of the youngest defendants ever charged with first degree murder in the state. A jury found him guilty yesterday of killing Fred Janusiewicz to obtain \$81 they obtained by robbing a grocery.

In New Orleans, Leader Cotlar wishes his credit wasn't so good.

A bandit held up Cotlar in his shoe shop, wasn't satisfied when Cotlar refused to make a picture at another studio. Cotlar to walk around the corner and borrow \$10 from a bartender friend, walked Cotlar out to the street, grabbed the sawbuck and ran. The bartender gave chase, caught the bandit, took the \$10, handed it back to Cotlar who gave it right back to pay off his debt, and the police charged the bandit with robbery even though the only thing they found on his person was his fat.

CGA Triumphs In Lethbridge
LETHBRIDGE, Dec. 14.—(CP)—The Civic Government Association candidates made a clean sweep of the Lethbridge civic election yesterday.

J. S. Turcotte with 1,718 votes and A. H. Huckle with 1,707 and A. W. Blackford, 1,635—40 CGA candidates—were elected to city council. Doug Patterson, the only Labor candidate, polled 1,408 votes. The aldermen will select one of their group as the city's mayor to succeed Mayor J. Jardine, who resigned.

Two trustees, G. F. Patterson and George Wilson, were elected to the school board by acclamation.

War With Russia Seen Inevitable
TORONTO, Dec. 14.—(CP)—Major Gen. Churchill Mann, former chief of staff of the Canadian army, said here that "Russia's attitude makes war inevitable."

COULD BE SUICIDE
After Gilbert's counsel and the crown had completed their addresses to the jury, Mr. Justice McLaughlin recounted events that led to the charge against Gilbert and Chin.

Mr. Justice McLaughlin pointed to the testimony of two expert witnesses that the death of Sam Kee could have been self-inflicted. He was strangled.

The investigation department of Edmonton city police was warmly praised by his lordship for the ingenuity and skill used in their plan which ended in capture of Gilbert and Chin.

A REAL LIFE TRAGEDY
In an hour-long address to the jury, Gilbert's defence counsel, Mr. Hilt, pointed to the real-life drama in which his members found themselves.

Mr. Hilt said he had no doubt that the victim met his death as a result of the robbery plan of both defendants, but he noted a doubt created in the conflict of evidence.

By Gordon Bone, truck owner, who sometimes employed Gilbert. "Bone's evidence was not what he did or saw himself, but what Gilbert told him," said Mr. Hilt.

USED BONE'S TRUCK
From the period of the crime on, Mr. Hilt said, he had had the opportunity of appraising himself of the newspaper accounts.

He said Gilbert, if he had been guilty, would not have confided an act of murder in Bone. But he had readily told him about a robbery.

He repeated that Bone had read the whole story of the discovery of Kee's dead body on Oct. 9 in the Edmonton Bulletin. . . . and all that came out in that paper along with mention of the \$2,000 reward.

'REWARD WAS MOTIVE'
He asked the jury to consider the evidence that Bone, shortly after reading the paper, had gone right down to see Gilbert whom he said was questioned further on the robbery.

He submitted that Bone did not seek information from Gilbert for the purpose of aiding justice.

He asked the jury to note that even after getting more information regarding the tragedy, Bone did not immediately go to the police.

"That is not the act of a man who is anxious to see justice done. It is the act of a calculating man and I submit to you that the motive was the \$2,000 reward," said Mr. Hilt.

STRUGGLED WITH KEE
He referred to Gilbert's testimony that after entering the room where a struggle ensued, when Sam Kee entered and looked him self and Chin. Gilbert tied Kee's feet and hands, Gilbert testified Chin worked at Kee's head and placed a jack over it. Chin then was said to have run away in fear.

Coming out of the room, Bone, Gilbert said, he received a blow on the head, Mr. Hilt continued. According to Gilbert's testimony, "everything went black," and it was some time before he could get up.

It was not, suggesting there was a third party, said Mr. Hilt. "It was quite possible for Chin (Chin) to have tied the blow around Kee's neck and get out by the time Gilbert came to," Mr. Hilt told the jury.

In winding up his address Mr. Hilt pointed out that a reasonable doubt entitled Gilbert to a verdict of manslaughter.

Crown Prosecutor Shortreed's address was brief and pointed at both Gilbert and Chin. "They both have their own ideas of why they are giving evidence here today. It is for you thing to save their own hides," he said.

"He said that it was shown that the two men went to Kee's place with the intention to rob with violence."

He wrote shown that they had adopted in common certain acts.

NOISY TRAINS BRING FINE TO TOY SHOP

REDMONTON, N.J., Dec.

34.—(AP)—Toyshop owner Orville Seals says he's going to fight for the right to toilet.

Seals rigged up a loud-speaker which broadcasted far and near the realistic chirping and tooting of his toy trains.

Residents near the shop complained about the noise. One of them said her little boy lay awake in bed fascinated by the trains as late as 10 p.m.

Seals was fined \$15 in court. His lawyer, George W. Alagar, said last night he'd take the case to a higher court.

BOARDS BY SUMMER

In the meantime, government officials said the three-man board to conciliate rental disputes between landlords and tenants will likely be set up in Edmonton before next summer.

A similar board will operate in the market, but in other towns and cities of Alberta a government-appointed "contact man" will represent the Alberta government in negotiating terms between landlords and tenants.

According to an announcement by Premier R. C. Manning earlier this month, the government intends to enact legislation to establish rent control boards.

Proposed legislation will come before the February session of the legislature and, if it is approved, the province will make the federal government to withdraw from the field of rent controls.

Wire Recorder Is Given Judges

LONDON, Dec. 14.—(Reuters)—

Electromagnetic wire recorders were set up in the London court of appeal today to make permanent verbatim records of judgments.

It was the first use of sound-recording apparatus in British legal history.

The appeal justices had complained that important judgments in their court were not recorded by official shorthand writers, as in other branches of the high court.

That would cause injury, then they were guilty of one crime, and one crime only—the crime of murder.

Mr. Shortreed, standing by the crown's motion, said that he was surprised by the crown's move. He objected to rebuttal by an accomplice, a person who could equally charged with murder.

W. J. Beaumont, counsel for Chin, received protection of the Canada Evidence Act for Chin, to prevent his evidence being used against him later.

Communists Can Double U.S. Costs

CLEVELAND, Dec. 14.—(AP)—Paul G. Hoffman expressed the belief yesterday that United States defense costs would reach \$30,000,000 annually if western Europe should go Communist. Those costs now are about \$15,000,000.

The head of the Economic Cooperation Administration said Communism's plans for westward conquests can be blocked permanently by strengthening the free countries of Europe.

A. E. Hartley, assistant superintendent of the Canadian Pacific Railway at Edmonton since 1944, has been named superintendent at Saskatoon, effective immediately. It was announced today by J. I. Mackay, general manager of the prairie region at Winnipeg.

Mr. Hartley will be succeeded by J. I. Hall, new assistant superintendent, Portage division, at Winnipeg.

Farming Still Tops In Alberta

It will be a long time before agriculture is forced to play second fiddle to the oil industry in Alberta, delegates to the annual convention of the Alberta Federation of Agriculture were told today.

Dr. J. L. Robinson, minister of industries and labor for the provincial government, told delegates "agriculture is still our basic industry."

Dr. Robinson brought government greetings to the convention which opened a three-day session at the Masonic Temple here today.

The delegates were welcomed on behalf of the city by Mayor Sid Pearson.

Dr. Robinson pointed out that oil had spread the fame of Alberta far beyond the provincial borders.

NO ALARM
"In a word," he said, "I hope it continues. But agriculture does not need to be alarmed."

He said oil products in Alberta last year were valued at \$25,000,000, but agricultural products had been valued at \$245,000,000.

Turning to the efforts to supply Alberta farms with electricity, Dr. Robinson said "nothing will keep the boy and girl down on the farm more than electrical labor-saving devices."

In a presidential address, Roy C. Barker said farmers should be made familiar with the necessity of future trading.

He said "there is some dispo-

pointment over the fact that the grain exchange is still in the business of trading on oats and barley futures.

"If there is some good reason that the futures market should be carried on, the farmers should be made familiar with the necessity of future trading, as there is danger of the Canadian Wheat Board being blamed for something they have no authority to change," he said.

Dealing with the "illusion" that there is a war on between eastern and western farmers, or among the feeders and the producers of coarse grains, Mr. Barker said "it is a tempest in a teapot."

School Supplies Costs Show Jump

Tenders for \$36,301 in 1950 school supplies were considered last night by the public school board's property committee.

More than 200 different items are involved, and the committee will recommend to next Wednesday's board meeting that between 30 and 35 different firms' bids be accepted for various items.

Last year's total cost of supplies was \$28,407.

IN A PRESIDENTIAL ADDRESS, Roy C. Barker said farmers should be made familiar with the necessity of future trading.

He said "there is some dispo-

Trade Seen With Spain In Future

Canada's trade with Franco's Spain is a mere trickle but there is no reason it can't be developed into a good sized stream, believes E. H. Maguire, Edmonton visitor yesterday, on his way to Madrid as Canadian trade commissioner.

Mr. Maguire is coming a tour of Canada after serving as assistant commercial secretary in Argentina and Chile. He is Canada's first official representative to Spain since Franco swamped Democracy there.

Spain is critically short of capital goods, particularly railroad equipment, and Canada needs her cork, olive oil and other products, he said.

On his current tour of Canada, he is meeting businessmen to discuss trade with the two South American countries. During his stop in Edmonton, he conferred with T. A. E. Harcourt, managing Alberta branch, Canadian Manufacturers' Association.

Wayward Bullet Puzzle To Police

Using Kung and city police are puzzled.

Kung returned to his room at Kenmore Lodge boarding house yesterday and found a bullet hole in the door.

The bullet, he discovered, had smashed through a mirror on his wall and had become lodged in the wall itself.

\$50 STOLEN FROM AUTO

Joe holding \$50 worth of silver was stolen last night from a parked car owned by Mike Gassick, of 1894-44 street.

Police said the car was under the front seat and thieves smashed a front window to get into the car.

West Jasper Vote Change

Refusals to determine if citizens of West Jasper, Alta., would vote within the area has been postponed until after the district's independent election on Jan. 1.

The vote was originally scheduled to be taken Dec. 22.

Measurable boundaries of the local option area will be revised to conform to those of the proposed village.

Play Festival At University

Three one-act plays will be presented by the Student Theatre of the University Campus Thursday and Friday at 8:30 p.m. City Symphonies Community Theatre Workshop Players.

Part of the plays will be Tonight of All Nights, a comedy written by Edmontonian John E. Gandy and directed by Betty Davies. The play is the second in the western theatre conference play festival last year.

Second play is a story of Christmas, Cornubus Ltd., by Mary Dora Macdonald, written by Barbara E. Jones and directed by Shirley Lowe.

Legion Protests Age For Firemen

Limit Set Would Bar War Veterans

City's decision to hire 50 firemen under the age of 25 has met with protests from Edmonton war veteran association.

Officers of Edmonton Montagu Branch 24 claim the city's decision will prevent any man who served in the last war being employed as a firefighter.

Said Executive Manager W. J. Williams of the Edmonton Montagu branch:

"The ban on hiring firemen over 25 years of age means that no veteran is eligible. The Legion extends this decision bars employment of men best disciplined by training. Just the very type needed for an efficient fire department as well as military training with a wealth of valour and efficiency in emergencies."

"We plan to discuss the fire department hiring policy fully at a branch meeting on Sunday," he said.

President Dick Williams of the Army, Navy and Air Force Veterans Association, is also planning a protest to the city on the first partment hiring policy, he said.

War veterans pointed out that the Edmonton police department has the best type of men for police work are between the ages 25 and 30.

Few disease-bearing germs or other micro-organisms can live long in the body.

Manufacturers saving Edmonton run the whole gamut from oil equipment makers to chemical producers, but Mr. Curtis said he did not divide any more than that until he makes his official report to city commissioners and city council.

Financial heart of North America has its eyes and ears focused on Edmonton, said Graham H. Curtis, the city's industrial commissioner, just back from annual visit to the business centres of eastern Canada and the United States.

Inside Hollywood

By Bob Thomas

HOLLYWOOD.—(AP)—Irene Dunne joins Ronald Russell in a resolution to pursue a comedy career in the future.

Miss Dunne has broken her longest screen absence to begin work in "Come Share My Love," a comedy in which she will sing four songs. Why did she stay away from the screen two years?

Bogart Makes Strong Effort To Win Award

By VIRGINIA MACPHERSON
HOLLYWOOD, Calif., Dec. 14.—(UP)—Humphrey Bogart announced today he is co-operating like crazy to get himself named the "most co-operative actor of the year" by the Hollywood Women's Press Club.

"I have agents at work for me, the tough guy chuckled. 'I think it's about time these ladies honored me for my natty disposition. That done, they get down to business with the razzeries for the two stars—lady and gent—who have won the most trophies during the year.'

LEADING CINCUS
The awards and boss will be handed out in a week or two, and rumor has it Bogie's male-as-lady to feel the girls' claws.

"I hope I win," he said. "I've never had an award in this town—unless you count my record for the most suspensions at Warner Brothers. And if my wife (Lauren Bacall) keeps on the way she's going, she'll get me yet."

Bogie said he's going to let his record speak for itself. "Hereafter, I'm not available. Besides, if I win, think of the good company I'll be in. Bing Crosby, Ingrid Bergman, Frank Sinatra—most of the top stars have been named 'most co-operative.'"

NO VOTE HERE

We've got good news for Bogie. We happen to be a member of the Hollywood Women's Press Club, and he didn't get the Macpherson vote this time.

Any gent who'll fight for the right to buy his pants a cocktail and tell the world "what Hollywood needs is more Errol Flynn and Humphrey Bogart" gets no vote from us.

"Well, I've been busy and have done a lot of travelling," said the star, who received a variety of plaques and citations for her religious work. "Also, I wanted to return to comedy, preferably one with songs. I have done enough drama for awhile. I think people now want to laugh."

I reminded her that she'll never win academy awards with comedies. "That's right," said the off-nominate "clear contender." "But I can't seem to win one anyway."

GUFF NOTES

Shirley Temple says she would now like to leave the past behind and devote her thoughts to the future. She has no comment on how the recent divorce might affect her career. As for work, a picture is being prepared for her at Warners, under the Selznick loan-out deal.

"Shadows of the Manger" is a different kind of Hollywood production. It will be presented in the week preceding Christmas right on Hollywood Boulevard in front of the Congregational Church. Among those taking part in the religious pageant are Barbara Britton, Don DeFore, Wendell Corey, Harry Carey, Jr., and Lee Remick.

Jack Carson is happy with his straight role in "Bright Leaf." "You can get tired of having beef every day," he says. "Well, I'm tired of corn," added the former "Carson, Ma, boy."

CAPSULE REVIEW
"Princess of Foxes" is above-average swashbuckling stuff. Beautifully filmed in authentic Italian backgrounds. It has enough high-class to offset the dull moments of floor dialogue. Tyrone Power is properly dashing, and Orson Welles is a grand Nefertiti support. Good escapism entertainment.

Pencilled Marks Can Be Weighed

SARNIA, Ont., Dec. 14.—(BUP)—Canadian scientists can weigh exactly the weight of the lead pencils mark made in drawing the figure X on a piece of paper.

This was demonstrated here by J. W. Murphy, M.P. for Lambton West, and a member of the Parliamentary Atomic Energy sub-committee which would weigh infinitesimal amounts, he said.

Court Wrong McCann Says In Tax Case

OTTAWA, Dec. 14.—(CP)—Rather than have revenue minister McCann get a score, the government will accept a Monday ruling by Magistrate Austin O'Connor in court.

If the ruling stands, either the act will be changed or Dr. McCann will sign personally every demand sent out to re-electoral taxpayers to file their returns.

The thrust to the minister's arm arose when magistrate O'Connor dismissed a charge against Jack Morris, an auto-parts salesman of suburban Huronville, Ont.

The revenue department had sought to prosecute Morris when he failed to comply with a notice sent over the signature of the deputy minister, V. M. Seely, demanding that a return be filed within 30 days.

But the income tax act, section 41, the magistrate ruled, says that such notices must be sent out by the minister. Therefore he dismissed the case.

While legal officers pored over their law books, Dr. McCann made this brief statement: "The department is of the opinion that the magistrate's decision is not right in law. An appeal will be taken from his decision."

There was no immediate indication when the appeal will be made. Meanwhile, taking no chances, Morris has filed his return.

Moral Offensive Urged By Dulles Against Russia

NEW YORK, Dec. 14.—(BUP)—Sen. Joseph Foster Dulles (R-N.Y.) urged America yesterday to launch a moral and psychological offensive against Soviet Communism before it is too late.

Dulles warned that the danger of war will increase if Soviet leaders successfully consolidate eastern Europe and Asia.

He said this country still can win the cold war because "the Communist political structure is overextended, and the Russians can be shaken by a moral offensive such as we could launch."

Ballet Dancers Home With Gifts

LONDON, Dec. 14.—(AP)—The pretty ballerinas of the Bolshoi Wells Ballet Company came home last night loaded down with goodies to make the figure bulge.

They've just made a 10-week tour of Canada and the United States, giving 72 performances before 230,000 spectators. And their twinkling slippers danced \$28,000 into British dollar reserves.

Gregory Peck Stars In New Empress Hit

The absorbing story of a man relentlessly gripped in the passions of gambling is MGM's latest release, "The Great Sinner" which opens tomorrow at the Empress theatre.

Gregory Peck, star of "The Great Sinner," portrays a man who comes close to losing everything in life, his wealth, career and the girl he loves, through his passionate addiction to gambling.

Facilely assisting in a superb cast, headed by Ava Gardner, Melvyn Douglas, Walter Huston, Ethel Barrymore and Frank Morgan.

Playing the wheel originally to redeem a beautiful girl who was seduced as a pledge by her father, Peck makes such a spectacular effort that he finishes with more than enough to pay off the obligation.

HONOR GONE

But the fever of gambling grips him and he finds he cannot stop. It is then that his degradation begins, robbing him of his respectability, honor and manhood, and in which he narrowly escapes being murdered.

It is not until he has reached the lowest depths that Peck finds redemption and happiness in the story's moving climax.

Cause Found Of Insanity

EDMONTON, O., Dec. 14.—(AP)—Dementia praecox—the most prevalent type of insanity—is caused by abnormal growth within brain nerve cells, a psychiatrist said today.

Dr. J. F. Bateman, superintendent of the Columbus State Hospital for the Insane, said he found protein bodies, never before described, in the brain nerve cells of dementia praecox patients.

Discovery that dementia praecox is not caused by enlargement of abnormal conditions of birth may revolutionize scientific thinking on the disease. Dr. Bateman said.

Dementia praecox—sometimes called schizophrenia—accounts for 50 per cent of all patients in mental hospitals and causes abnormal behavior, delusions and hallucinations.

Planted by John Hancock, the famous English elms on Boston Common still stand, having withstood both the "Great Blight" of 1865 and the devastating New England hurricane of 1938.

Trucking Control Is Urged by CPR

Less Restraint of Railways Also Asked by Company Chairman

By John LeBlanc
OTTAWA, Dec. 14.—(C.P.)—Federal control of the railways truck competition was recommended yesterday by the Royal Commission on Transportation by George A. Walker, chairman of the Canadian Pacific Railway.

Restraints on the railways should be relaxed to enable them to adjust rates more easily and give management a freer hand, he urged.

The CPR chief, concluding two days on the witness stand, told the board the "crux" of the railway problem is the inability of carrier to get higher freight rates in the face of rising costs of labor and materials.

SUGGESTS POLITICS
In a day that traversed many aspects of railway operation, Mr. Walker also recommended that the commission that appeals to the cabinet from the Board of Transport Commissioners should be abolished, on the ground that political pressure tended to sap the independence of the rate-regulating tribunal and delay determination of rate cases.

Commissioners today are to hear Frank R. Hume, counsel for the Canadian Automotive Transportation Association, suggested that it was not lack of truck regulation that affected the railways but that traffic was being diverted to the highways.

Mr. Walker said one includes the other.

If there were difficulties about regulating trucks now, the truck counsel asked if there might not be more trouble in regulating them with a central authority.

Mr. Walker said he thought not. The problem could be solved by some constitutional changes, and he did not see why these could not and should not be made.

KNIFERS ROB BLIND NEWSIE

CHICAGO, Dec. 14.—(AP)—A blind newsie was held up yesterday with a knife and robbed of \$100—his two weeks' earnings.

This is the worst Christmas present I ever got," said Frank Marchetti, 35.

Frank said he works 37 hours a week and is the sole support of his wife, Angelina, 36, and a stepdaughter, 16. He hasn't missed a day at work in seven years.

The Monday night crash of a Capital DC-2 airliner in the Potomac river was the fourth on scheduled airlines this year.

Its four fatalities—two passengers and two crewmen—raised the 1940 death toll to 91 passengers and 11 crewmen. This was exceeded only in 1937, when 120 passengers and 37 crew members perished in five crashes.

But Civil Aeronautics Board officials estimate that, barring further accidents before Jan. 1, the 1940 fatality rate may average about 1.2 or 1.3 passengers per 100,000 passenger-miles flown. This would be among the lowest rates in civil aviation history.

Government investigators still are trying to determine the cause of Monday's crash, in which 18 passengers and one crewman escaped.

Monday night's crash had the scheduled airline accident this year. The other three crashes and 200 deaths total were:

July 30, Eastern Airlines DC-3 in an aerial collision with a navy ship, 20 passengers near Chesterfield, N.J., 12 passengers, three crew members and the Navy pilot died.

Nov. 1, Eastern DC-4 in a collision with an F-8 fighter plane at Washington National Airport. Fifty-one passengers and four crewmen perished in the worst disaster in the history of civil aviation.

Nov. 20, American Airlines DC-3 in a crash at Dallas, Tex. Twenty-two passengers and two crewmen were killed.

Latest U.S. Air Crash Sets Low in Fatalities

By Charles Corddry

WASHINGTON, Dec. 14.—(UP)—This year already has gone down in the records as the second worst in history for scheduled airlines in numbers of fatalities.

But what the big increase in passenger "tolerance" is considered, the 1940 fatality rate may be among the lowest ever.

The Monday night crash of a Capital DC-2 airliner in the Potomac river was the fourth on scheduled airlines this year.

West Coast Doctor Defends Cost of Lepers' Treatment

BENTING ISLAND LEIYU COLONY, B.C., Dec. 14.—Any, cream-colored cottages dot this small island off the coast of Vancouver Island, giving it the appearance of a summer camp.

But it is a dread life, the home of two of Canada's nine lepers, one awaiting a miracle, the other, death.

Science is inching toward the wonder of a serum life for one, but the other, blind and shattered by the nerve-killing disease, is calmly resigned to "life imprisonment."

The lovely, forest-covered island, 20 miles across the southern tip of Vancouver Island from Victoria, is so cut off from the world that even in the Capital City few people know of its existence.

Benting Island is peaceful and clean, far from world turmoil.

The patients, both Chinese, are under the care of kindly Attendant Dr. R. B. Jenkins, head of the Maritime Quarantine Station at William Head.

COSTS \$10,000
"There have been as many as 12 lepers on the island since it was established around the turn of the century but they have all died or been discharged. Few are coming over as the squalor and poverty that breeds the disease is cleared up," says Dr. Jenkins.

It costs the federal government about \$10,000 to \$15,000 a year to maintain the colony and its staff of ten.

In the Commons recently Donald Fleming, Progressive Conservative member for Toronto-Eglinton, said he thought it a "waste of money" to maintain the colony with only two patients.

Canada's only other leper hospital is at Tracadie, N.B., with seven lepers.

JUSTIFIED EXPENSE
Dr. Jenkins feels the expense is justified by society's moral obligation.

"We could ship them to Tracadie," he said, "but they are happy here. Their lives are good on the west coast and if we are going to 'imprison' humans for something that is not their fault, then their walls are of prime importance."

"Two new sulpha drugs—Diasone and Promin—have affected a remarkable improvement on Chan, who arrived on the island last January. But Charlie, who has been here for 12 years, is likely never to leave the colony."

Triple Play
JANESVILLE, Wis.—(UP)—Nov. 10 will be a busy day in the Lewis Puffer family from now on. Three of their children were all born on that day, the latest this year. Son Douglas is 10 years old and daughter Mary Lou is seven.

SEIZED PAPERS SET DATE FOR RED REVOLT

MEXICO CITY, Dec. 14.—(BUP)—Documents discovered in the home of a Red leader set 1950 as the date for a Communist Mexican revolution, government authorities announced today.

Federal District Attorney General Carlos Franco Sodi said details of a "sedition movement to impose a Communist regime on the republic" were discovered among 5,000 documents taken from the Mexico City residence of Valentín Campa, railway union official.

Campa was arrested last month after spending a year in hiding.

He is being held in a federal penitentiary on charges of fraudulently using railway union funds for Communist propaganda. Sodi said the government had proof Campa had been a member of the Communist International since 1926.

Refugee Cleric Helps Bring Latvian DP's

By Kenneth Lamb
WINNIPEG, Man., Dec. 14.—(BUP)—A Baptist minister who fled from the Russians and later spent four years in a German displaced persons' camp today was helping people of similar background to find new homes in Canada.

R. Ekstein, a Latvian and former classics and theology teacher at the Baptist college at Riga, arrived in Canada from the DP camp in February. More than four years previously he fled his native land as the victorious Red armies swept across Latvia chasing Germans.

"I was very glad indeed to be able to come to this great country where a human being is again a human being, and where it is possible to breathe, to think, to speak and to sleep in peace," he said.

Ekstein and his family fled from Latvia in 1944 because they had experienced Russian occupation when the Soviet army occupied the country in 1941.

Ekstein said persons in DP camps didn't want to go back to their homelands because "all had had some bad experience with the Russians."

He said he had travelled throughout the four western provinces visiting Baptist churches, trying to persuade farmers to need of help to break the admission to Canada of DPs who still are in Germany. He said he recommended people he knew in Germany and when the Soviet army occupied the country in 1941.

After getting the names of Canadian farmers who were ready of sponsor individual Latvians or families, Ekstein contacted the prospective immigrants overseas and then approached Canadian immigration authorities.

MNVA Scores Vocation Plan As Narrow

TORONTO, Dec. 14.—(CP)—A. J. Hente, secretary of the Canadian Merchant Navy Veterans' Association, said yesterday that new vocational training benefits for merchant navy veterans "will not afford opportunities in a great many men unless the department of transport relaxes its policy regarding rates of earnings."

Many of the applications for vocational training which were turned down this year, he said, were rejected because the applicants had not earned a minimum post-employment wage. The department of transport relaxes its policy regarding rates of earnings.

The CMNV has argued also against the regulation restricting vocational training to men under 50.

SOME EXCEPTIONS

In announcing plans for a reduced merchant marine, Prime Minister St. Laurent said Friday the government "has decided to extend the vocational training scheme to admit eligible men applying on or before Sept. 30, 1950, and commencing their approval training before Jan. 31, 1951." Ministers of Transport and Veterans Affairs would have discretion with regard to the restricting provisions regarding age and the granting of allowances.

Answering a question as to whether the 30-year age limit was being lifted, he said: "That is to remain the rule, but there will be discretionary provisions enabling the Minister of Veterans Affairs and the Minister of Transport in exceptional cases to extend the privilege to men who have passed the age of 30."

Russ Scientists To Be Laborers

MOSCOW, Dec. 14.—(AP)—The Soviet agency of science has a plan to get Russian scientists out of their ivory towers.

Scientists in 1950 are to be assigned to getting out of their laboratories for a certain length of time. They are to spend the interval on farms, out in the fields, in workshops.

The purpose is to bring scientists into closer contact with the practical side of the theoretical problems they study and at the same time to bring the worker into closer touch with science.

TECHNICAL SERGEANTS Edward John Brady, left, and John Edward Brady, identical twins, have long been source of confusion to their associates at Mitchell Field, N.Y. Now, John Edward is father of three-month-old identical twins, Iris, left, and Irene, and he's beginning to find out how tough the identification problem can be.

Oil Exploration in B.C. Finds Likely Formations

VANCOUVER, Dec. 14.—(CP)—The search for "black gold" was spurred yesterday in British Columbia by reports that oil-bearing formations have been found.

The Queen Charlotte Islands, in the stormy North Pacific 500 miles from here, and the Louis Mountains in the Peace River area, 100 miles northeast of Vancouver, are the promising districts.

Soaring government revenues, such as followed the rich finds in Alberta—are a prospect if large-scale discovery of oil is made in B.C.

Millions of acres are under lease with drilling programs underway, and it has been estimated the province has 500,000 acres of potential oil lands.

From leases on Crown-landed the provincial government will get royalties representing 12½ per cent of the value of oil at the well.

Alberta provincial efforts have been enriched by millions in royalties and oil land sections. Long-range views here see a similar condition for B.C. in the last year.

Alberta collected \$200,000 from its oil industry.

I am satisfied we are going to get oil," said Lands Minister Kenney.

Gardiner Is Told, Get Food Markets

Minister Hears Quebec Farmer
Tell Him It's His Responsibility

By Harold Morrison

OTTAWA, Dec. 14.—(CP)—Agriculture Minister Gardiner must face responsibility of finding food markets for Canada, a Quebec farm union chief said yesterday.

J. Abel Marion, president of Quebec Farmers' Union, said that among other things, a bacon contract had to be obtained from the United Kingdom for 1950.

He told the Dominion-Provincial Agricultural Conference that if a contract for Canadian bacon was not obtained, there would be hardship in both eastern and western Canada.

The job of the farmer, he said, was to produce that bacon. It was up to Mr. Gardiner to find the markets.

One of more than a dozen delegates to speak at yesterday's session of the three-day conference, Mr. Marion expressed a plea voiced by other speakers that the farmers be not let forgotten.

Many delegates urged that Canada save whatever she could from the British market, even if it meant lower prices.

Opinion was divided, however, as to whether sales of one crop should be sacrificed for the U.K. could spread her small supply of dollars over other food purchases.

GARDINER QUIET

The suggestion had been made at a closed session of the conference that the U.K. buy less wheat and spend some of the dollars for

ends that trouble she's had for years.

"I have a bit I must wear now whether it suits me or not," she said today. It should all well as her grey hair that is short cropped to about a boyish bob—a style she has stayed was despite fashion's decrees.

Clothes won't be a problem, either. When Mrs. Hodges next spring at Speaker's, in a big chair on a home-captured day, she'll be wearing the traditional black robe with white linen bands.

oliver odd she may feel, she has something to be thankful for. Years ago she would have had to wear a long wig.

A close knit comb, Mrs. Hodges will be unable to make a speech; the House. Speakers don't make speeches; they listen to them.

Time Out

By Dick Heddes

There is no doubt that the 1961 season of the "Canadian Council on Affairs of the Time" is the most successful in its history.

Its members have been at a minimum's notice. And it ranks far and away above all other annual, distinctive efforts in the Vancouver club.

However, there is no organization in Vancouver at this time, which has a more distinctive membership than the "Hewes-Walsh-Johnson-Annals-News-Club" (which includes the "Hewes-Walsh-Johnson-Annals-News-Club" and the "Hewes-Walsh-Johnson-Annals-News-Club").

But nobody does. The men who are asked are men like Lester (Stamper) Leach and Leo (Montreal) Alouette. Hayman, the two greatest coaches in recent Canadian football history. These three have joined the Stukus club last week.

And almost automatically they become leaders of the right and left wings of the club.

TWO VIEWPOINTS
As everyone knows, the purpose of the club is to show Mr. Stukus the Edmonton Oilers, and this is the first time in the club's history that it has been so successful.

But there is another side to the story. The club is not just a place where men like Leach and Alouette can go to show their skills. It is also a place where they can go to show their leadership. And this is the first time in the club's history that it has been so successful.

He ought to be the team completely," said Mr. Leach, who has commanded the Stampeders pretty successfully for two seasons without any grandstanding quarterbacking trying to tell him whether a football is blown or stuffed.

LEACH'S ADVICE TAKEN
Mr. Leach's advice has made the Oilers' executive director, Mr. Stukus, very happy. And this is the first time in the club's history that it has been so successful.

Christmas time is family time

The joyous family reunion is a tradition in our Canadian celebration of Christmas. The gaily decorated Christmas tree, loaded with gifts... the holly wreaths... the laughter and excitement... the tantalizing aroma that heralds the Christmas dinner... all affirm that Christmas time is family time.

During the past year Calvert has paid tribute to the various racial groups which comprise the great Canadian Family. At this Christmas season of happy family gatherings we wish to salute all Canadian families with the words written by Calvert himself over three hundred years ago: "May all happiness attend you".

Higher Costs Cut into City Utilities Surplus

Revenue For 10-Months Hits All-Time Record

By Neil Dixon

Annual revenues derived from city utilities for the first 10 months of 1945, hit mounting expenditures as deeply that accumulated surplus to date is \$24,613 from the corresponding period of 1944, Acting Commissioner Fred Osherson said.

From Sept. 1 to Oct. 31, the last full year, the city's utilities had power, gas, water, telephone and sewerage revenues of \$1,557,745, compared with \$1,500,000 taken in during the same period a year ago.

Grading Scheme Attacked

Packing plants were under heavy fire for rail or excessive grading of hogs here yesterday.

Admitted President of the Canadian Association of Meat Packers, approved a resolution urging a return to the original system of either rail or livestock grading.

The resolution was passed by a 10-5 vote of the association after a spirited discussion.

He charged that producers had lost from \$40 to \$120 per hundredweight on extra heavy hogs.

Under the old system of live grading, a live average of approximately 25.50 per hundredweight was charged.

Men Know All the Frills When Buying Lingerie

By JOHN McLEAN
Bulletin Staff Writer

When it comes to buying lingerie, men know what they want—in a hurry.

That's the studied opinion of salesgirl Elizabeth Dean, anyway.

Miss Dean is one of the girls catering to the wants of Edmonton men in Woodward's new "for men only" shop.

She says that the men who come in to buy lingerie are usually in a hurry to get away from the "little room full of the dirty linen of the female sex."

"No man told me he'd rather be caught dead than at a lingerie counter," smiled Mrs. Dean.

The men only shop has everything a man might want to buy for his lady—and it has everything the lady might want her man to buy.

In the privacy of this shop, the male shopper may putter about in the midst of frills, seams and soft silk.

There's a phone in the shop, put "just for the fellow who wants to call about size."

"Strangely enough," said Mrs. Dean, "most men know the right size."

Lingerie is the most intimate gift with the men. Next comes perfume.

With "sunderland" looking for a gift of sorts, clearly followed by "intoxication."

Services Plan Gifts to Tots

Over 200 children of army and air force personnel stationed at Western Command Headquarters and Northwest Air Command Headquarters will receive gifts from Santa Claus at a Christmas party at the NWAC drill hall Saturday 12 p.m.

Eighteen girls, stenographers employed at the two headquarters, will be dressed completely in white and from neckties and white vests.

One thousand ice cream cups, 50 pounds of cookies, 200 pounds of candy, 200 pounds of apples and 200 pounds of nuts will be given to the children.

Arrangements for the kids' Christmas party have been made by a committee of eight army and air force personnel.

A similar party was held last year when 200 children of service personnel from the two headquarters were entertained.

Two Injured In Mishaps

Two persons were admitted to hospital yesterday following traffic accidents on downtown streets.

Sister Beatrice, of the Grey Order, was admitted to General Hospital at 5:30 p.m. suffering from a fractured shoulder after falling from a bus at 111 street and Jasper street.

The accident occurred at 101 street and Jasper street.

More Transit Line Patrons

More people—56,390 of them— rode Edmonton Transit System streetcars and buses in October than in the same month a year ago.

Superintendent Tom Terrier said today.

That fact, together with operational and maintenance economies, replaced the October deficit of \$287 from the \$282 deficit piled up during October of 1944.

Passenger traffic in October totalled 239,657, compared with 230,634 a year ago. Total increase to date this year is 90,774.

During September this year, 239,630 passengers were carried.

Streetcars cost 603 cents per mile to operate in October; trolley coaches 543 cents per mile, and bus lines 543 cents per mile.

BANK OF NOVA SCOTIA BUILDING, TORONTO
WHERE PRUDENTIAL'S CANADIAN HEAD OFFICE
WILL BE LOCATED

THANK YOU, CANADA

for the encouragement, cooperation and support you have given The Prudential Insurance Company of America during the past 40 years, which have prompted our decision to open a Canadian Head Office.

Our objective in establishing this office is to provide even better Prudential service to the people of Canada — better life insurance service to our more than a million Canadian policyholders, who have more than one billion dollars of insurance in The Prudential. This Head Office will occupy extensive quarters in the new Bank of Nova Scotia Building upon com-

pletion and will be staffed by Canadian personnel.

The establishment of this office will also enable us to do a still better job of making Prudential dollars available to Canadian industry and to individuals who are desirous of owning their own home or farm.

Our 75 offices throughout Canada will continue to bring Prudential service into your homes.

The Prudential's growth in Canada has paralleled the growth of Canada as a nation, and with the opening of this new Head Office, we have every hope that The Prudential will have an even more vital part in Canada's great economic future.

Harriman Gets Top U.S. Post In Arms Setup

WASHINGTON, Dec. 14.—(UPI)—James W. Averell Harriman, noted ambassador in Europe, was named to an important post in the Northern Atlantic Defense setup today.

The state department announced Harriman's appointment as U.S. representative on the North Atlantic Defense Committee. The committee was set up last month by the North Atlantic Council to advise on the Atlantic anti-economic aspects of the defense plan.

NOT BOGGED DOWN

Harriman, Secretary of State Dean Rusk's "ambassador at large," is seen as a key figure in the defense plan. Harriman's appointment as U.S. representative on the North Atlantic Defense Committee was set up last month by the North Atlantic Council to advise on the Atlantic anti-economic aspects of the defense plan.

Two Country Parley Slated For Washington Tomorrow

By James E. Roper

WASHINGTON, Dec. 14.—(UPI)—The United States and Canada, traditionally good neighbors, were squabbling today—but promised to settle everything by negotiation.

The two governments arranged conferences here tomorrow to start smooching over one of the three issues in dispute—Canada's request that U.S. immigration law should be relaxed for "specieable" Canadian citizens.

CANADA'S REQUEST

This country's request for relaxation of its main-line United States immigration law is being held in the Niagara River.

Canadian sources said today that a government conference on the subject is being held in the Niagara River.

Corpus Quantities At Risk

OTTAWA, Dec. 14.—(UPI)—Efforts to draft plans for Trans-Canada Highway will be held in the Niagara River.

Fabulous Hoard Goal Of 30-Man Expedition

Kingston, Jamaica, Dec. 14.—(UPI)—A 30-man expedition plans to sail from here Jan. 1 in the 30-man ship Explorer, in hunt for the fabulous "Lost of Lima" on lonely Cocos Island.

The leader of the expedition, who claimed he had new knowledge of the treasure reported hidden on the uninhabited Pacific island 300 miles west of the Panama Canal.

Hundreds of expeditions have been made to the island, but none has succeeded in digging out any of the treasure reported buried somewhere on its 16 square miles of mountainous jungle.

Film Magnate's Daughter Fired At In Car Chase

DAHLER, Conn., Dec. 14.—(UPI)—Douglas Saxe, 23-year-old daughter of Saxon Saxe, motion picture executive, was taken to a private sanitarium today following a wild, bullet-punctured automobile chase.

The story is that Lima City and church officials, threatened in the 1930s by the growth of the forces of Saxon Saxe, were in a panic. Saxon Saxe, who was a member of the Saxon Saxe family, was taken to a private sanitarium today following a wild, bullet-punctured automobile chase.

Miss Saxe was wounded accidentally on a flight by a shot fired from a policeman's revolver during the chase.
